

Junior Application Manager

Salary range: 1500 – 2300 EUR

Your functions

- Application Management in accordance with ITIL (Incident, Request, Problem, Change)
- Installation, configuration and administration of server and cloud-based applications
- Error analysis, as well as implementation and coordination of measures to resolve incidents
- Evaluation and implementation of new customer requirements
- Support for application takeover and transition
- Continuous improvement and optimization

What we are looking for

- Ideally first practical experience in application management (2nd and 3d level support)
- Practical experience with Linux or Windows server operating system platforms
- Strong interest in acquiring knowledge in the support and operation of new technologies, e.g. cloud applications
- Distinctive teamwork and independent working skills
- Quick perceptive skills as well as a solution-oriented and sustainable way of working
- Possibility to work outside of regular working hours (on-call duties once per month)

We offer

- Inspiring working environment, high volume of interesting projects and possibility to work together with experienced Management team
- Environment, where your voice matters and your ideas are encouraged
- Highly competitive salary and bonus package, full health insurance
- Cool team building events and possibility to travel to Germany for trainings
- Flexible working hours with the possibility to work remotely from wherever you feel comfortable and 22 days of paid vacation
- Employees' oriented company culture
